### Early withdrawal:

You cannot withdraw or transfer funds from a term deposit account prior to maturity unless you give us thirty one days' notice. If you believe that you may have a need to immediately withdraw or transfer funds before maturity, please select a more suitable deposit product. Where you give us notice of early withdrawal and the maturity date is less than thirty one days from the date of notice, we will not release the funds until maturity. The notice period commences on the first business day after you give us notice. Upon early withdrawal or transfer, we will reduce the interest payable. An adjustment may be required where we have paid interest to you prior to you making an early withdrawal. Where an adjustment is required, we will deduct the applicable amount from the deposit balance paid to you. The reduced rate is currently 0.5% lower than the rate specified on your Term Deposit Certificate.
